This Agreement will facilitate the transfer of the Mersey Community Hospital to the Tasmanian Government, and delivery of rehabilitation services and palliative care services in Tasmania.

National Partnership on Transfer of the Mersey Community Hospital

OVERVIEW

Financial Arrangements

PART 3 – ROLES AND RESPONSIBILITIES OF EACH PARTY

11. To realise the objectives and commitments in this Agreement, each Party has specific roles and responsibilities, as outlined below.

Role of the Commonwealth

12. The Commonwealth agrees to be responsible for:
 - (a) providing a financial contribution to Tasmania to support the implementation of this Agreement;

PART 4 – PERFORMANCE MONITORING AND REPORTING

Activity

14. To ensure that Tasmania does not receive double funding for public hospital services, for the period of 2017-18 to 2026-27 inclusive, Tasmania will not be entitled to receive Activity Based Funding under the National Health Reform Agreement (NHRA), or any subsequent agreement, for the agreed activity level under this Agreement. This will apply whether the agreed activity profile is provided at the Mersey Community Hospital or elsewhere.
 - (a) The agreed activity profile has been converted to an agreed funding profile based on the Commonwealth contribution rate under the NHRA, as shown in Table 1.
 - (b) This funding profile will be used by the Administrator of the National Health Funding Pool in applying clause A6 of the NHRA.

Table 1: Activity funding profile

Year	2017-18	2018-19	2019-20	2020-21	2021-22
\$	26,235,689	26,978,922	27,744,915	28,534,355	29,347,948
2022-23	2023-24	2024-25	2025-26	2026-27	Total
30,186,420	31,050,521	31,941,023	32,858,722	33,804,436	298,682,951

15. For the avoidance of doubt, Tasmania will be eligible for activity based funding under the NHRA for activity delivered above the agreed funding profile under this Agreement.
16. From 2027-28 onwards, Tasmanian public hospital services will be funded under the NHRA or any subsequent agreement with no further adjustment being made for the activity funding profile under this Agreement. However, national public hospital funding arrangements for 2027-28 have not yet been settled and any future funding arrangements may affect the treatment of activity funded under this Agreement upon its expiry. To ensure that Tasmania is not disadvantaged the Parties agree:
 - (a) that Tasmania will receive Commonwealth funding for the Mersey Community Hospital in line with other public hospitals in Tasmania from 2027-28 onwards; and
 - (b) to work together to take account of public hospital activity funded by the Commonwealth under this Agreement in negotiating the national public hospital funding arrangements covering 2027-28, with jurisdictions.

Reporting arrangements

17. During the operation of this Agreement, Tasmania will:
- (a) in relation to public hospital activity, incur no additional reporting burden, but will be required to meet existing reporting obligations including under intergovernmental agreements and the NHRA; and
 - (b) in relation to rehabilitation and palliative care services, provide a statement to the Commonwealth on how funding for the Missiondale Recovery Centre and palliative care services under this Agreement has been distributed.
 - (i) A statement under clause 17(b) is only required for financial years in which funds have been distributed to the Missiondale Recovery Centre or for palliative care services under this Agreement. Such statements should be provided within 30 days of the end of the relevant financial year.

Similarly, Tasmania bears all risk should the costs exceed the agreed costs. The Parties acknowledge that this arrangement provides the maximum incentive for Tasmania to deliver projects cost effectively and efficiently.

PART 6 – GOVERNANCE ARRANGEMENTS

Enforceability of the Agreement

21. The Parties do not intend any of the provisions of this Agreement to be legally enforceable. However, this does not lessen the Parties' commitment to this Agreement. In accordance with clause 3 of this Agreement, transfer of the property of the Mersey Community Hospital will occur under a separate deed which is the legal instrument for the purposes of the transfer.
