The Hon Warren Pitt MP
Minister for Main Roads and Local Government
PO Box 15031
CITY EAST QLD 4002

Dear Minister

Warren,

I am pleased to advise of Australian Government funding under the Black Spot Program for 49 projects within Queensland for the 2009-10 program year and 93 projects under the Nation Building Packages announced in December 2008 and February 2009.

I have:

- approved, under Section 70 of the *AusLink (National Land Transport) Act 2005* (the AusLink Act), the projects listed in the schedules to the attached approval instruments QPT7014 and QPT3219 - QPT3306 as AusLink Black Spot Projects for the purposes of the Act;
- approved the provision of funding for these projects under Section 78 of the AusLink Act;
- approved under Section 9 of the AusLink Act, the projects listed in the schedule to the attached approval instrument QPT3261 - QPT3310 as Black Spot National Network projects for the purposes of the Act; and
- approved the provision of funding for these projects under Section 17 of the AusLink Act.

Details of the approved projects are set out in the attached instruments and schedules.

As part of the Government's Nation Building and Economic Stimulus Packages announced in December 2008 and February 2009, I ask that Queensland report on the employment impact of the additional Black Spot funding. My Department will liaise with your Department in relation to these reporting requirements.

I note that the estimated cost of projects under the Nation Building Packages in Queensland is over committed by \$1.365 million in order to overcome any potential under expenditure as a result of factors such as unseasonal wet weather. This level of over commitment was recommended by the Queensland Black Spot Consultative Panel. You should note however that if all approved projects under the Nation Building Packages are delivered, Queensland will be responsible for providing the additional funds for the projects.

Yours sincerely

ANTHONY ALBANESE
