Performance benchmark part-payments

8. The calculation of pro rata performance payments will be on the following basis:

(a) $\text{Pro-rata payment} = (1 + (A - B)/C) * D$

Where

A is the number of commencements reported on the 30 April

B is the number of commencements required to receive the minimum performance payment at 30 April

- C is the difference between the number of commencements required to receive the full performance payment at 30 April and the number of commencements required to receive the minimum performance payment at 30 April
- D is the minimum performance payment.

Carrying forward commencements above the total performance benchmark

- 9. In accordance with clause 11 of the Agreement, Western Australia may carry forward commencements achieved above the total performance benchmark in a financial year to contribute to another total performance benchmark(s) in following financial years for the duration of the National Partnership.
 - (a) The number of commencements are to be confirmed through final, validated data for the period 1 July to 30 June.
 - (b) The confirmed number of commencements are to be reported in the 30 April annual report in the financial year in which the commencements are to count towards any identified performance benchmark(s).
 - (c) The confirmed commencements can only be counted towards the same training activity, or an alternative training activity as determined in Attachment A of this schedule.
 - (d) Any confirmed commencements can only be used once.
 - (e) Any confirmed commencements in a given year that are not used, may be retained for future years of the National Partnerships.
 - (f) Any 'like activity' commencements are treated as for other commencements, with the exception that:
 - i. any annual caps, identified in Attachment A of this schedule, applies.
 - ii. any commencements achieved beyond the cap cannot be retained for future years.

Reporting

- 10. The Commonwealth will accept a final report with draft data up to 30 April of the reporting year.
 - (a) Validated Western Australia data must be received by the Commonwealth within two weeks following this date.
 - (b) Where Western Australia is seeking to count any commencements from a previous financial year, those commencements are to be included in the 30 April report.
- 11. Full financial year data for each training category is to be provided to the Commonwealth by the end of September, to assist in reporting national performance.

Contracts of training

A commencement contributes to this component of the activity baseline and additional activity target if:

- (a) it was for a nationally recognised qualification at:
 - i. Australian Qualifications Framework Level I

Training activity with similar characteristics (like activity)

A commencement contributes to this component of the activity baseline and additional activity target if:

- (a) it was for a nationally recognised qualification at:
