## NATIONAL PARTNERSHIP ON RECYCLING INFRASTRUCTURE

### PART 1: PRELIMINARIES

- A1 This Schedule has been developed in accordance with clause 15 of the National Partnership Agreement on Recycling Infrastructure and should be read in conjunction with that Agreement.
- A2 This Schedule will commence as soon as it is signed by the Commonwealth and New South Wales, and will expire on 30 June 2024 or on completion of final performance reporting and processing of final payments against milestones, whichever is later.

### PART 2: DELIVERY OF PROJECTS IN NEW SOUTH WALES

- A3 Under this Schedule, New South Wales agrees to facilitate achievement of the outcomes of the Agreement by a competitive grants funding program open to private sector, non-government organisations, and local government applicants. New South Wales may deliver the grants program as an expansion of an existing relevant state government grant program.
- A4 The grants program delivered by New South Wales will prioritise the following projects:
- a) Improved sorting technology for glass, plastic and paper products at materials recovery facilities;
  - b) increasing mixed plastics processing capacity;
  - c) building capacity to process high-value single stream plastics such as PET and HDPE.
- A5 New South Wales agrees to publish grant guidelines and provide a copy of the guidelines to the Commonwealth Department of Agriculture, Water and the Environment before approving any grants under this program. Officials from the New South Wales and Commonwealth governments will jointly agree grant assessment criteria in accordance with the eligibility criteria in the appendix to this Agreement. New South Wales is responsible for managing grants program administration, awarding grants and payment of grants. New South Wales agrees that all pending decisions on successful grants will be provided to the Commonwealth before a final decision is announced, and that prior agreement is reached on the nature and content of any events, announcements, promotional material or publicity relating to projects awarded by states under this Agreement, and that the roles of both Parties will be acknowledged and recognised appropriately.
- A6 The grants program delivered by New South Wales will require at least a matching contribution of government funding from proponents, with no cap on proponent funding proportion.
- a) For the purposes of subclause 19(a) of the Agreement, the requirement for the cost of each project to be funded in one-third portions by the Commonwealth and the States, will not apply to New South Wales.

- b) For the purposes of subclause 19(a) of the Agreement the Commonwealth agrees to contribute up to one third of the total cost of agreed projects and New South Wales will at least match the Commonwealth's overall contribution.
- A7 The program will be co-funded by the Commonwealth and New South Wales with third party contributions as set out in clause 19 of the Agreement.
- a) For the purposes of subclause 19(a) of the Agreement, the Commonwealth agrees to recognise New South Wales' commitment of \$19.2 million to recycling infrastructure as part of its co-funding contribution under this Agreement. New South Wales agrees to contribute an additional \$5.8 million in 2023-24 to meet its remaining co-funding requirements.
- b) Other than Part 5 Financial Arrangements the Agreement, and requirements under the Agreement, also apply to projects funded by New South Wales using the \$19.2 million referred to in A7 (a) of this schedule.
- c) For the purposes of subclause 19(a) of the Agreement New South Wales will write to each grant proponent that has received funding as part of the New South Wales' commitment of \$19.2 million to provide official acknowledgement that the Commonwealth co-funded those grants. Further, New South Wales will amend the grant contracts with those grant proponents to ensure that the Commonwealth is also recognised as a partner contributor in any public messaging, advertising, acknowledgments, events or similar.

### PART 3: FINANCIAL ARRANGEMENTS

- A8 The Commonwealth will provide a maximum estimated financial contribution of \$25,000,000 to New South Wales. All payments are GST exclusive.
- A9 The estimated financial contribution to be provided by the Commonwealth is outlined in Table 1.

**Table 1: Estimated financial contributions**

(\$ million)	2020-21	2021-22	2022-23	2023-24	Total
<b>Estimated total budget</b>	<b>7.0</b>	<b>9.0</b>	<b>7.0</b>	<b>7.8</b>	<b>30.8</b>
Less estimated National Partnership payments	7.0	9.0	7.0	2.0	25.0
Balance of non-Commonwealth contributions	-	-	-	5.8*	5.8

Note: Balance of non-Commonwealth contributions includes contributions from New South Wales to at least match the Commonwealth's contribution but does not include contributions from third parties such as local governments and other non-government organisations.

\* NSW contributions include \$19.2 million in grants for recycling infrastructure to process waste subject to the export ban. Payment of these grants commenced in 2019-20 and will continue to be paid according to the project-specific milestones. \$2.1m has already been paid, with an additional \$17.1m still to be paid. NSW will provide an additional \$5.8 million in funding in 2023-24, which, together with the \$19.2m already committed, will make a up NSW's agreed co-contribution of \$25 million.

## PART 4: PROJECT MILESTONES, REPORTING AND PAYMENTS

A10 Table 2 summarises the project milestones, their relationship to the outputs, expected completion dates, relevant reporting dates and expected payments to be made. The Commonwealth will make payments subject to New South Wales demonstrating that the relevant milestone has been met.

A11 If the maximum Commonwealth payments are not made in a given financial year (e.g. due to lack of acceptable project proposals) the Commonwealth may move funds into a later year at its discretion. The Commonwealth makes no guarantee that unspent funding (if any) will be carried into later years.
