

National Red Imported Fire Ant Eradication Program – South East Queensland 2017-18 to 2027-28

PART 1: PRELIMINARIES

1. The purpose of this Schedule is to outline the delivery of agreed activities for the National Red Imported Fire Ant Eradication Program (National Program) in South East Queensland from 2017-18 to 2026-27 and to facilitate the Commonwealth's cost-shared contributions to Queensland, the lead jurisdiction for this eradication program.
2. The National Program is being conducted as a National Environmental Biosecurity Response Agreement-like (NEBRA-like) response, as agreed by the Primary Industries Ministerial Council in November 2009 and by the Agriculture Ministers' Forum (AGMIN) in July 2017.
3. On 26 July 2017, AGMIN approved the 2017-18 to 2026-27 budget and Governance Plan and established the National Program Steering Committee (Steering Committee) to provide strategic oversight, guidance and support on all aspects of the National Program's delivery.
4. On 17 November 2017, the Steering Committee approved the *National Red Imported Fire Ant Eradication Program South East Queensland, Ten Year Eradication Plan 2017-18 to 2026-27* (Ten Year Eradication Plan). The Ten Year Eradication Plan may be varied as agreed by the Steering Committee.
5. The Steering Committee's assessment of progress against the Ten Year Eradication Plan and annual work plans, as amended and agreed by the Steering Committee, will be taken into consideration in assessing performance under this Schedule.
6. Cost sharing arrangements between Queensland and the other State and Territory governments that are parties to the National Program, are subject to a separate agreement.

PART 2: FORMALITIES

7. The Parties to this Schedule are the Commonwealth of Australia and Queensland.
8. This Schedule will commence as soon as it is agreed between the Commonwealth and Queensland ministers with portfolio responsibility for national biosecurity emergency management. It will expire on 30 June 2028 or on completion or termination of the Ten Year Eradication Plan as agreed by the Steering Committee, including endorsement of the final project report and processing of final payments against milestones, unless terminated earlier or extended as agreed in writing by the Parties.

PART 3: PROJECT ELEMENTS AND MILESTONES

9. The project elements of the National Program are as described in the Ten Year Eradication Plan, as agreed, and annual work plans. The objectives of the Ten Year Eradication Plan are to:
- (a) reduce infestation until red imported fire ants (fire ants) are no longer present in the South East Queensland region;
 - (b) prevent spread of fire ants to non-infested areas;
 - (c) provide evidence to demonstrate freedom from fire ant infestation in the South East Queensland region; and
 - (d) help prevent establishment of new invasive ant species Australia-wide by building capacity and providing eradication expertise.
10. Table 1 summarises the milestones for the project, reporting dates and expected payments to be made. The Commonwealth will make payments subject to the reports demonstrating that satisfactory progress towards the project elements and agreed annual work plans have been achieved.

PART 4: REPORTING ARRANGEMENTS

11. Queensland will provide performance reports in accordance with Table 1 during the operation of the Schedule. All reports will:
 - (a) demonstrate progress on actions identified in annual work plans;
 - (b) address any Steering Committee endorsed recommendations from completed National Program financial and efficiency audits; and
 - (c) be provided to and endorsed by the Steering Committee.
12. Should reports not be endorsed by the Steering Committee or require further information to enable progress to be determined, the Commonwealth may request additional information within 15 business days of having received a report.
13. Queensland will provide a final report demonstrating completion of the eradication program in 2026-27, or earlier if the program terminates early, within three months of completion including demonstration of completion of outputs for the final May to June quarterly period under the agreed Ten Year Eradication Plan.
14. In accordance with the *Principles for Cost-sharing Arrangements*, Queensland will also maintain auditable records of costs and provide the following reports to all cost sharing parties, including the Commonwealth:
 - (a) financial expenditure forecast report for each quarter, at the beginning of each financial year
 - (b) annual acquittal of revenue and expenses at the end of each financial year.

15. Queensland will provide the Commonwealth with annual detailed financial expenditure reports demonstrating the activities that the brought forward funding provided for over the 2018-19 to 2020-21 financial years and the activities provided by the funding brought forward to support the 2021-22 annual work plan.
16. An efficiency and a financial audit of the National Program will be undertaken every two years at a minimum or as requested by the Steering Committee. Scientific and operational reviews may also be requested by the Steering Committee.
17. Queensland will ensure that all recommendations arising from an efficiency or financial audit, or a scientific, operational review of the National Program, which are also endorsed by the Steering Committee, are incorporated into the annual work plan and reported against in all subsequent Quarterly Program reports.

PART 5: FINANCIAL ARRANGEMENTS

18. The Commonwealth's agreed financial contribution for the National Program is outlined in Table 2 and payable in accordance with the milestones set out in Table 1. All payments are exclusive of GST.

Table 2: Estimated financial contributions

Year	Total Commonwealth Budgeted Liability
2017-18	\$19,000,000
2018-19	\$24,687,795
2019-20	\$26,468,512
2020-21	\$26,960,654
2021-22	\$36,284,238
2022-23	\$14,742,808
2023-24	\$15,272,280
2024-25	\$15,814,814
2025-26	\$16,370,732
2026-27	\$16,940,364
Total	\$212,542,197

19. The Commonwealth's financial contribution to the National Program may be revised in response to:
 - (a) any reviews or audits of the Ten Year Eradication Plan;
 - (b) any change in the objectives of the Ten Year Eradication Plan;
 - (c) the National Program being 10 per cent or more under budget for three consecutive years;
 - (d) performance indicators, as set out in the Ten Year Plan, not consistently being met;
 - (e) other cost-sharing partners withdrawing from the National Program or substantially changing their financial contribution;
 - (f) evidence that re-profiled funding has not been applied as agreed by the Steering Committee and as set out in the Ten Year Plan (as amended); and
 - (g) other circumstances deemed appropriate by the Commonwealth.

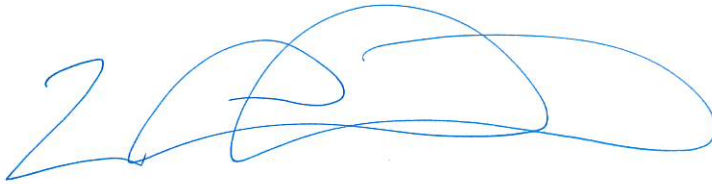

Schedule D2 - National Red Imported Fire Ant Eradication Program

20. In accordance with the *Principles for Cost-sharing arrangements*, should funding sources additional to existing cost sharing partners be secured, the Commonwealth's financial contribution may also be revised by a proportional amount. Additional funding sources or cost sharing partners include, but are not limited to:
- (a) industry contributions;
 - (b) public contributions;
 - (c) private organisation contributions;
 - (d) contributions from risk creators;
 - (e) local government contributions;
 - (f) income derived from National Program intellectual property; and
 - (g) any income received by Queensland as a direct result of National Program activities.
21. Should the program be terminated prior to the expected completion date (30 June 2028), in recognition of both Queensland's and the Commonwealth's increased financial contribution compared to other cost sharing partners over the 2018-19 to 2021-22 financial years, the Commonwealth retains the right to seek reimbursement, recognising that Queensland will seek re-payment from other cost share partners first to bring both the Commonwealth's and Queensland's proportionate share back in line with the agreed cost-sharing formula set out in the *Principles for Cost-sharing arrangements*.
