

Community Health and Hospitals Program for Tasmania

FEDERATION FUNDING AGREEMENT - HEALTH

Table 1: Formalities and operation of schedule

Parties	Commonwealth Tasmania																																								
Duration	This Schedule is expected to expire on 30 March 2027 or on completion of the projects, including final performance reporting and processing of final payments against milestones, unless terminated earlier or extended as agreed in writing by the Parties.																																								
Purpose	This Schedule supports the delivery of four initiatives: <ul style="list-style-type: none"> (a) The establishment of a residential eating disorders treatment centre in Hobart and community-based eating disorder services. (b) Stage 1 of the redevelopment to the Kings Meadows Community Health Centre. (c) Improvements to the acute medical facilities at the North West Regional Hospital. (d) Improvements to the West Coast District Hospital, including aged care and allied health facilities.

Additional terms	Tasmania will ensure the Commonwealth is kept informed about the expected delivery schedule for each project (expected major milestone delivery dates including completion) and advise the Commonwealth as																																								

soon as practicable of any significant deviations from agreed project plans.

Tasmania will provide annual project status reports for each project in May each year until completion. Annual status reports will address progress towards achieving the objective of each output in the context of the delivery schedule for each project, include photographic evidence of progress (capital projects only), and outline expected activities within the coming 12 months. Status reports may be provided in conjunction with reports addressing performance milestones (see Table 2) where their timing is aligned (within 1 month).

The parties agree that the *Project Agreement for the Community Health and Hospitals Program Tasmania's 2018-19 Eating Disorders Initiative Schedule* is terminated having been superseded by this Schedule and that all reporting for the eating disorders initiative will occur in accordance with this Schedule.

The parties recognise that the residential eating disorders treatment centre and community-based eating disorder services output within this Schedule is to be delivered in parallel with the *National Mental Health and Suicide Prevention Agreement and Bilateral Schedule on Mental Health and Suicide Prevention: Tasmania* which requires the establishment and operation of three eating disorder day programs that are integrated with the stepped system of care for eating disorder services in Tasmania.

The National Health Reform Agreement (NHRA) provides that the Commonwealth will not fund a service where the same service, or any part of the same service, is otherwise funded by the Commonwealth. Tasmania will ensure that any claim for funding under the NHRA is not funding services, or any part of a service, provided for under this agreement and will maintain appropriate records.
