	* Number and proportion of clients at risk of homelessness who receive			
	Proportion of clients that avoided homelessness		2024-25 %	83.6
	Number of clients that avoided homelessness		2024-25 no.	5,098
	Number of at risk clients		2024-25 no.	6,101
	People rarely experience or enter into homelessness and when they do it is brief and non-recurring			
	Return to homelessness after achieving housing			
	* Proportion of clients		2024-25 %	9.6
	* Number of clients		2024-25 no.	1,236
	* compulsory measure			
	na Not available. ... Not applicable. – Nil or rounded to zero. np not published.			
	^^ Residential tenancy units (unless otherwise specified)			
	^^^ Changes in each social housing program added together			
	For some measures, the 95% confidence interval (a reliability estimate) associated with each estimate is reported (for example, 80.0% ± 2.7 percentage points).			
	# indicates the proportion of households in the indicated social housing program, with the indicated level of satisfaction, is statistically significantly different (p ≤ 0.05) from the proportion of households in the other states/territories combined, with the same level of satisfaction, in the same social housing program.			
	** has a RoGS comparability statement and also a footnote about comparability.
